Hey there!

We regret to inform you that your account on Stake has been suspended due to multiple violations of our terms of service. Our investigations have revealed instances of misuse of our platform, which have led to the necessary action of banning your account.

The decision to suspend your account was made after careful consideration of various factors, including but not limited to:

1. **Violation of Terms of Service:** Our terms of service outline acceptable usage policies, which include refraining from any activities that may compromise the integrity of our platform. Your actions have breached these terms.
2. **Abuse of Bonus Offers:** We have observed patterns of abuse related to bonus offers and promotions, which is strictly prohibited as per our policies.
3. **Suspicious Activity:** There have been indications of suspicious activity associated with your account, including potential attempts at fraudulent behaviour.

As a result of this suspension, all funds in your Stake wallet have been confiscated in accordance with our terms of service. Please be advised that this decision is final and irreversible.

If you believe this suspension has been made in error or if you wish to discuss this matter further, please open a new conversation with the support team, and we will try to assist you as soon as possible.

Have a wonderful day!
